ABSTRACT

This document is designed to serve primarily as a reference for advisors, counselors, and others in the guidance of students at two-year institutions who plan to transfer to senior colleges and universities of North Carolina. The statements of policies reported herein were obtained through a questionnaire completed by the admissions officers of the senior institutions. The policies, which apply to the 1974-75 academic year, appear by institution in alphabetical order. Appendix one gives the questionnaire used. Appendix two provides information on undergraduate student transfers from one institution to another within the state and from institutions in other states to North Carolina institutions. PREFACE

This third edition of the Policies of Senior Colleges and Universities Concerning Transfer Students from Two-Year Colleges in North Carolina was prepared under the aegis of the Joint Committee on College Transfer Students and published at the request of the committee by The University of North Carolina General Administration.

The publication is designed to serve primarily as a reference for advisors, counselors, and others in the guidance of students at two-year institutions who plan to transfer to senior colleges and universities of North Carolina. The policies of each of the 45 senior institutions pertaining to the admissions of and granting of credit to transfer students and related matters are enumerated in this one document. The compilation saves persons needing such information the time and effort which otherwise would be required to go through the individual institutional catalogs. Even then the information sought may not be found since some catalogs present less information about transfer policies than this report.

As was the case for the original edition, the statements of policies reported herein were obtained through a questionnaire completed by the admissions officers of the senior institutions. The policies, which apply to the 1974-75 academic year, appear by institution in alphabetical order.

No attempt was made to edit the institutional responses. In fact, exact wording of the respondents is used insofar as possible. Readers should familiarize themselves with the questionnaire items in order to interpret more accurately the responses. The questionnaire is appended.

The information was gathered and compiled by a subcommittee of the Joint Committee on College Transfer Students of the North Carolina Association of Colleges and Universities, the State Board of Education, the North Carolina Association of Junior Colleges, and The University of North Carolina.

The subcommittee consisted of:

Jerry L. Surratt (Chairman), Dean of Academic Affairs, Wingate College, Wingate

Bobby L. Anderson, Director, College Transfer and General Education, Department of Community Colleges of the State Board of Education, Raleigh

John F. Corey, Assistant Vice President for Student Services and Special Programs, The University of North Carolina

Special thanks go to Dean Surratt and his secretarial staff, who collected and compiled the information. Likewise, gratitude is expressed to Dr. Corey and his secretary, Mrs. Anna Carr, who prepared the manuscript for publication. Additional appreciation is due the General Administration of The University of North Carolina for publishing at the request of the Joint Committee this important reference for the higher education community in North Carolina.

Cecil L. Patterson, Chairman
Joint Committee on College Transfer Students

THE JOINT COMMITTEE ON COLLEGE TRANSFER STUDENTS

The Joint Committee on College Transfer Students is sponsored by four statewide agencies and organizations representative of all education beyond the high school in North Carolina:

> The North Carolina Association of Colleges and Universities (President, Raymond A. Stone)
>
> The North Carolina Association of Junior Colleges (President, Jerry L. Surratt)
>
> The State Board of Education, Department of Community Colleges (President, Ben E. Fountain, Jr.)
>
> The University of North Carolina (President, William C. Friday)

The membership of the Joint Committee consists of 12 persons appointed by the four sponsoring organizations. Each organization appoints three members for three-year staggered terms. There are five ex officio members: an officer or staff member of each of the four sponsoring organizations and the immediate past chairman.

APPENDIX II

UNDERGRADUATE TRANSFERS IN NORTH CAROLINA
1973 - 74*

This section provides information on undergraduate student transfers from one institution to another within the state and from institutions in other states to North Carolina institutions. Data on student transfers from North Carolina to other states are not included. Information on undergraduate transfers by type of institution for an eight-year period is presented in Table 26.

Figure 6 shows the flow of transfers among and within each of the four types of institutions in the state and from institutions in other states in fall 1973. The actual number of transfers by type of institution and by sex is shown in Table 27. A comparison of the flow of transfers with its counterflow reveals that the community colleges received fewer transfers (2,032) than they sent to other types of institutions (2,442). The public senior institutions received over one-third more transfers from private senior colleges (668) than they sent to private senior colleges (371).

Detailed information on the origin and destination of transfers in the state is presented in Table 28 (from two-year to senior institutions), Table 29 (among senior institutions), Table 30 (from senior to two-year colleges), and Table 31 (among two-year institutions). From the data in these tables, a comparison of the numbers of in-transfers and out-transfers of any given institution can be made. Transfers from other states to various types of North Carolina institutions are shown in Table 32. About one-half of the out-of-state transfers emanate from the neighboring states of Virginia, South Carolina, Florida, Georgia, and Tennessee.
